

ES001

It passed ISO9001:2008 international quality system certification from 2002 up to now.

Product Specification

- Solid wood and cristal glass combination design, flow linear shape, good transparent effect. And meets the requirement of the Standard of the Disabled Barrier Free Access.
- Applicant for books, pharmacy, cosmetics etc. Blending with surroundings, easy operation, low cost. with ability of anti electronic interference and resistance to aluminium foil block and tinfoil block.

Unit Dimension	148*54*4cm(H*W*D)
Working Voltage	110V-240V
Working Environment	-10°C-40°C
Material	Advanced-Resin-Glass+MDF
Detection	Height:170cm Width:80cm
Packing Details	1set/ctn,34.0kgs/ctn,151*62*18cm
Controller-Box Packing Details	1set/ctn,6.5kgs/ctn, 43*33*32cm

ES002

It passed ISO9001:2008 international quality system certification from 2002 up to now.

Product Specification

- Solid wood and cristal glass combination design, flow linear shape, good transparent effect. And meets the requirement of the Standard of the Disabled Barrier Free Access.
- Applicant for books, pharmacy, cosmetics etc. Blending with surroundings, easy operation, low cost. with ability of anti electronic interference and resistance to aluminium foil block and tinfoil block.

Unit Dimension	145*62*4cm(H*W*D)
Working Voltage	110V-240V
Working Environment	-10°C-40°C
Material	Advanced-Resin-Glass+MDF
Detection	Height:170cm Width:80-100cm
Packing Details	1set/ctn,36.0kgs/ctn,150*70*30cm
Controller-Box Packing Details	1set/ctn,6.5kgs/ctn, 43*33*32cm
