

## LYNGSOE METAL BIN

### **BIN FOR BULK COLLECTION AND EASY TRANSPORT OF MATERIALS**

#### **SUITABLE FOR LARGE VOLUMES**

In terms of both material size, number of materials capacity and maneuvering, the Lyngsoe Metal Bin offers great flexibility. Fed by the Lyngsoe Sort Mate™ 2000 sorting system through the designated chutes, or Compact Sorter, or directly from a Lyngsoe Library Mate™, the bin is easily interchanged.

The Metal Bin comes in three different sizes allowing you to choose exactly the bin that suits your capacity need.

#### **“I’M FULL” WARNING**

Using the metal bin with a Sort Mate™ 2000 sorter module the load is automatically always monitored and when the metal bin is full, an alert is visually raised, both in the system and at the bin chute, to the staff so the full bin can be replaced with an empty bin. You also have the option to configure a ‘nearly full’ warning in the system.

#### **EASY TRANSPORTATION**

The bin can also be used as a stand-alone container in connection with a self-service station providing easy transportation of a bulk of returned materials to your sortation area. The ergonomic handlebar and large, easy rolling wheels allow for easy steering with minimal effort to push the bin.

#### **MINIMAL DROP AND PICK-UP DISTANCE**

The integrated intelligent spring load design automatically lowers and raises the bin floor as the loaded weight changes. This minimizes the distance when materials are dropped into the bin and, to protect the materials even more, the bin floor has a soft layer. Furthermore, the automatic floor adaption design gives a good ergonomic work position for the library staff when emptying the bin and makes it an easy task.

#### **BENEFITS**

- High capacity
- Suitable for all materials
- Ergonomic design
- Easy maneuvering

## SPECIFICATIONS

## LYNGSOE METAL BIN

Dimensions	Size 1: 400 x 600 x 840 mm (W x D x H) / 15.7 x 23.6 x 33.1" Size 2: 600 x 600 x 840 mm (W x D x H) / 23.6 x 23.6 x 33.1" Size 3: 600 x 900 x 840 mm (W x D x H) / 23.6 x 35.4 x 33.1"
Weight	15 kg / 33 lbs (Size 1)
Load capacity	Max. 120 kg / 264.6 lbs Size 1: 380 x 580 x 360 mm / 14.9 x 22.8 x 14.1" (W x D x H) Size 2: 580 x 580 x 360 mm / 22.8 x 22.8 x 14.1" (W x D x H) Size 3: 580 x 880 x 360 mm / 34.6 x 35.4 x 14.1" (W x D x H)
